

# Welcome to the family...

# Company Brief Introduction

## INTRODUCTION

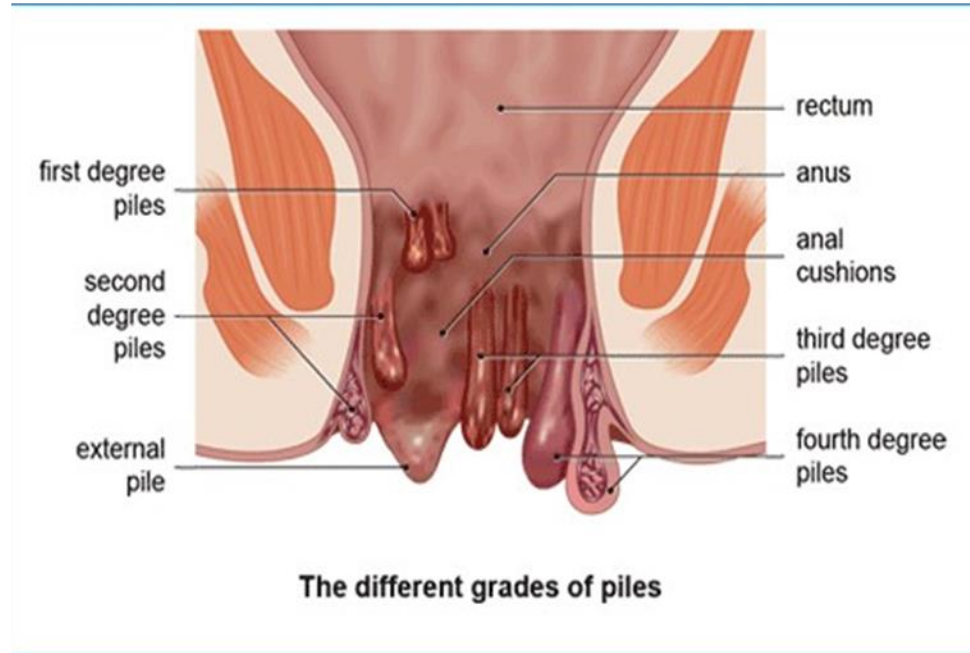

We are specially focused on the quality of our products because the consumer satisfaction is our first priority

# World wide Patient Ratio from 10 to 15% of Population are Suspected

# STAGES OF PILES

# Temporary Medication Treatment

# Four Reasons Which are Responsible For Recurrence

1. Daily Routine :- About Work Profile; Eating & Sleeping Habits
2. Diet :- Veg. Non Veg, Spicy, Fast Food, High Carb Foods, Stale Food.
3. Atmospheric Effect :- Some People Effected On Winter, Some On Cloudy Weather & Some On Summer.
4. Body Tendency :- As We Know That Every Body Has Different Body Tendency.

# OPERATIONAL PROCESS

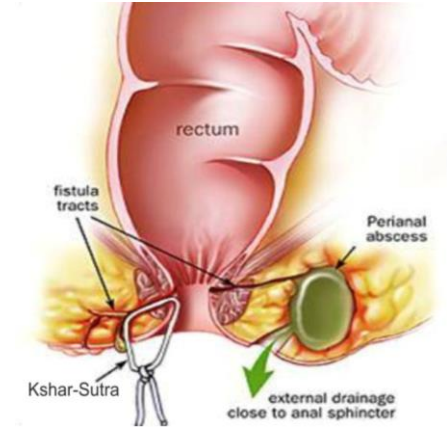

## Opposite The Temporary Medication Their are Three Types of Operational Process

SURGICAL TREATMENT

LASER TREATMENT

KSHAR SHUTRA TREATMENT

# Anti Piles Complete Resolution

Before Treatment

After 1<sup>st</sup> phase  
Of Treatment

After 2<sup>nd</sup> phase Of Treatment

# Difference Between Other Treatment and “Anti-Piles Complete Resolution”

## Other Operational Processes

1. Required expert Dr.'s or surgeon for any operational process.
2. Any operational process mostly target to external hemorrhoids only.
3. Cut and stitches marks will be remains life time.
4. Their is huge recurrence ratio after Any operational treatment of piles.
5. Due to operation of piles; mostly Patients get fistula.
6. Rectal pressure control system can Be damaged after surgery.
7. For any type of surgery we required hospitalized our patient.

## Anti Piles Complete Resolution

1. Here we don't required any expert because any mature persons can apply it; including patient family member also.
2. When we apply it on the external hemorrhoid, it also trigger to internal hemorrhoid & force it to comes out.
3. The marks made after this treatment are automatically erased in a few weeks and it comes to natural skin tone.
4. After this treatment no recurrence has been seen in any patient till present.
5. After this treatment, it does not fistula to any patient due to this.
6. After this treatment, the patient get new, strong and contracted muscle around anal area.
7. For this treatment we are not required to admit the patients in to hospital, rather this can be treated with some precautions at the patient's home only.

# Business & Profit Advantages For Franchise

## BASIC ADVANTAGE

1. One Area Single Franchise Concept.
2. 5 Year Legal Agreement Process.
3. Publicity of Doctor & Franchise By Celebrity ads in Local Area.
4. Other Pharma-Science Products Will Also Be Given to The Franchise At The Dealership Price.
5. The Local Area Patient Will Also Provide to The Franchise in The Local Area By The Company.
6. Company will Provide New Idea's Time to Time; for The Development of The Franchise.
7. Training & Support of Digital Marketing for The Growth of The Franchise in The Local Area By The Company.

*First of all, we should clear this information to you that we are not selling the Anti Piles Complete Resolutions in local market, hence no MRP has been kept, this kits are given only to our Authorized and Register Doctors on ratio of 5000/-Rs per kit.*

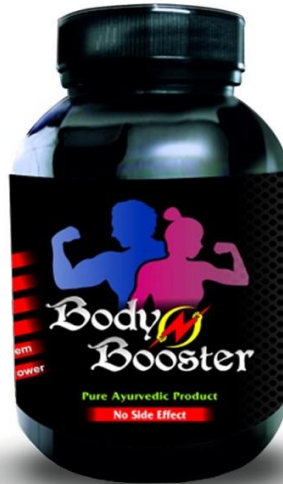

*And our doctors are free to charge the treatment amount on basis of economy to their own area.*

*For the example, if a doctor treats only 10 patients in a month, & if they charge 20 thousand rupees per patient, then their revenues are 2 lakhs, in which 1.5 your margin is Unmounted.*
